

# TERROIR ECOTOUR

## DESCRIPTION

The coastal & forest region of Nova Scotia is uniquely beautiful, but also incredibly rich in wild edible products. Mushrooms, Seaweed, plants, berries, and many others will delight the discerning gardener and your taste buds! So many different flavors and textures to discover. During this 'Terroir' ecotour, I will guide you along the ocean and forest to conquer these riches and show you a wide range of wild edibles products followed by a wonderful meal prepared by one of our selected chefs!

## NUMBERS OF PARTICIPANTS

Ideally, the maximum number of participants is set at 12 people. This maximum number of participants aims to keep a fluidity in the questions/answers.

However, if you wish to book a Terroir Ecotour for a larger group, company, friends, family, please send us a message and we will organize it for you.
